Izumo Campus

New!

- Faculty of Medicine
- Graduate School of Medical Research

Students: 5316 Teaching staff: 789

Shimane University's Charter

Shimane University's goals in "Education" are: To foster "autonomous students" who can learn by themselves with rich human nature and advanced expertise

Shimane University cultivates individuals, with a high degree of expertise as well as public-mindedness and ethics, who can take on important roles in modern society.

Shimane University has a splendid educational environment in the San-in region with rich nature, history, and culture, where students can devote themselves to learning while being actively involved in society through academic and other related activities.

The Basic Policy on Education at Shimane Univ. is to
Cultivate Scientific Thoughts by Alternating Theory and
Practice

(1) Field Learning

Observing natural disaster in the San-in Region

(2) Problem-based Learning

Product development through PBL

(3) Flip Teaching by utilizing Moodle

At home

At university

(4) Remote Teaching

(5) Overseas Internship

(6) Minor Programs specifically designed to widen student's horizons

Innovative creative ability

- Environmental Sciences
- Educational Program on Geopark
- Ruby·OSS Learning Program
- Mathematical Data Science Program

Human Capacity/ Vocational Skills

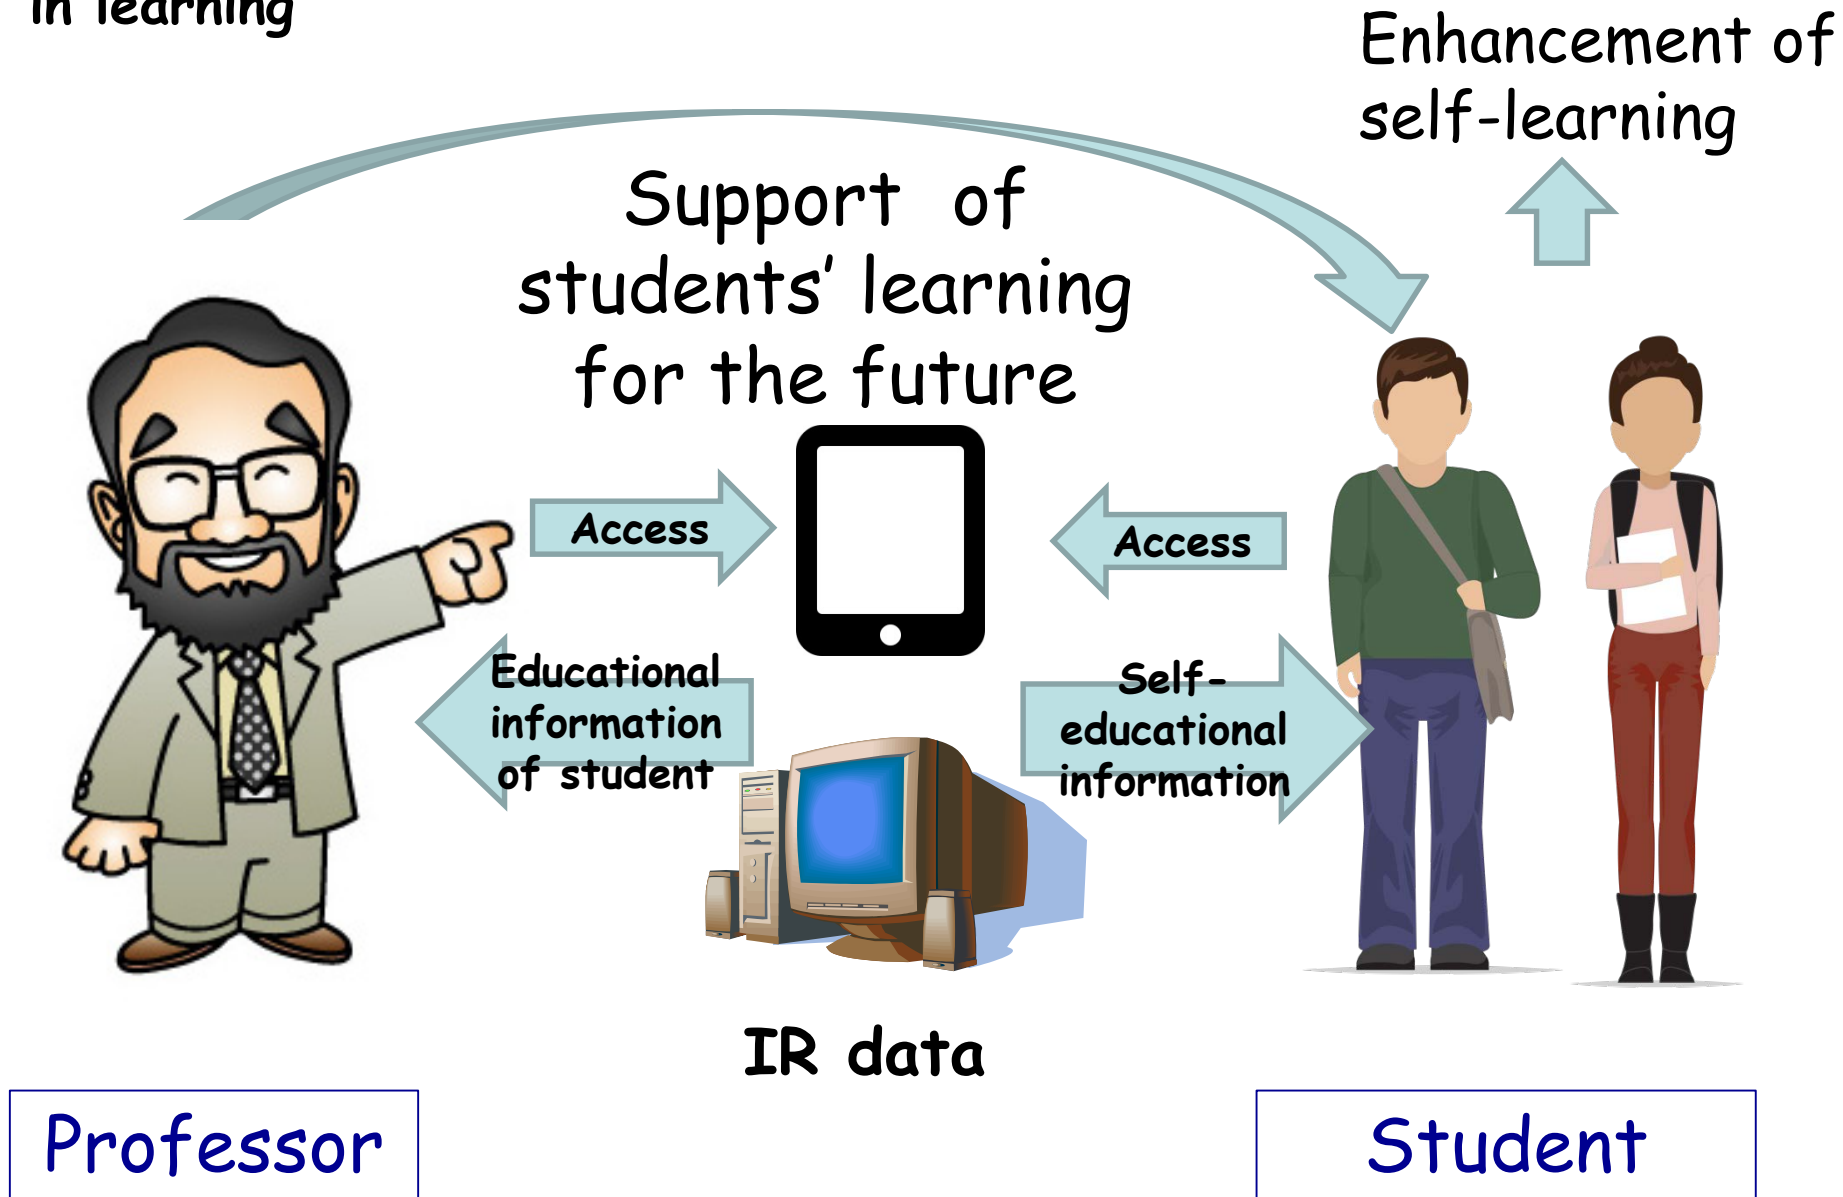

- Career Design Program
- Support for Extra Curricular Activities

International Mind /Communicative Skills

- Special English Minor Program for Advanced Students
- Practical Chinese Program
- Advanced English Skill Course (for Medical Students)
- Overseas Programs

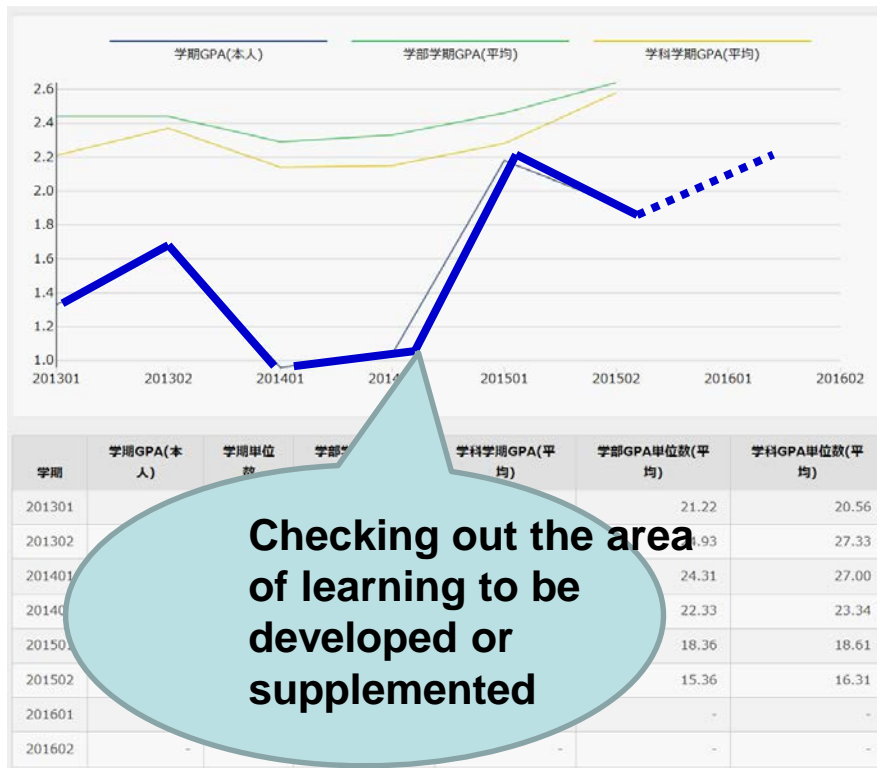

Development of the feedforward-type IR system called "WILL BE" to support students in learning

Use of IR data

To know the current situation → GPA

Comparison between the average GPA at the Department/the Faculty and that of an individual student.

Predicting the probability of going on to graduate school or obtaining a job

ファクトブック：累積GPAと卒業

Relationship between the total GPA of a student and his/her graduation

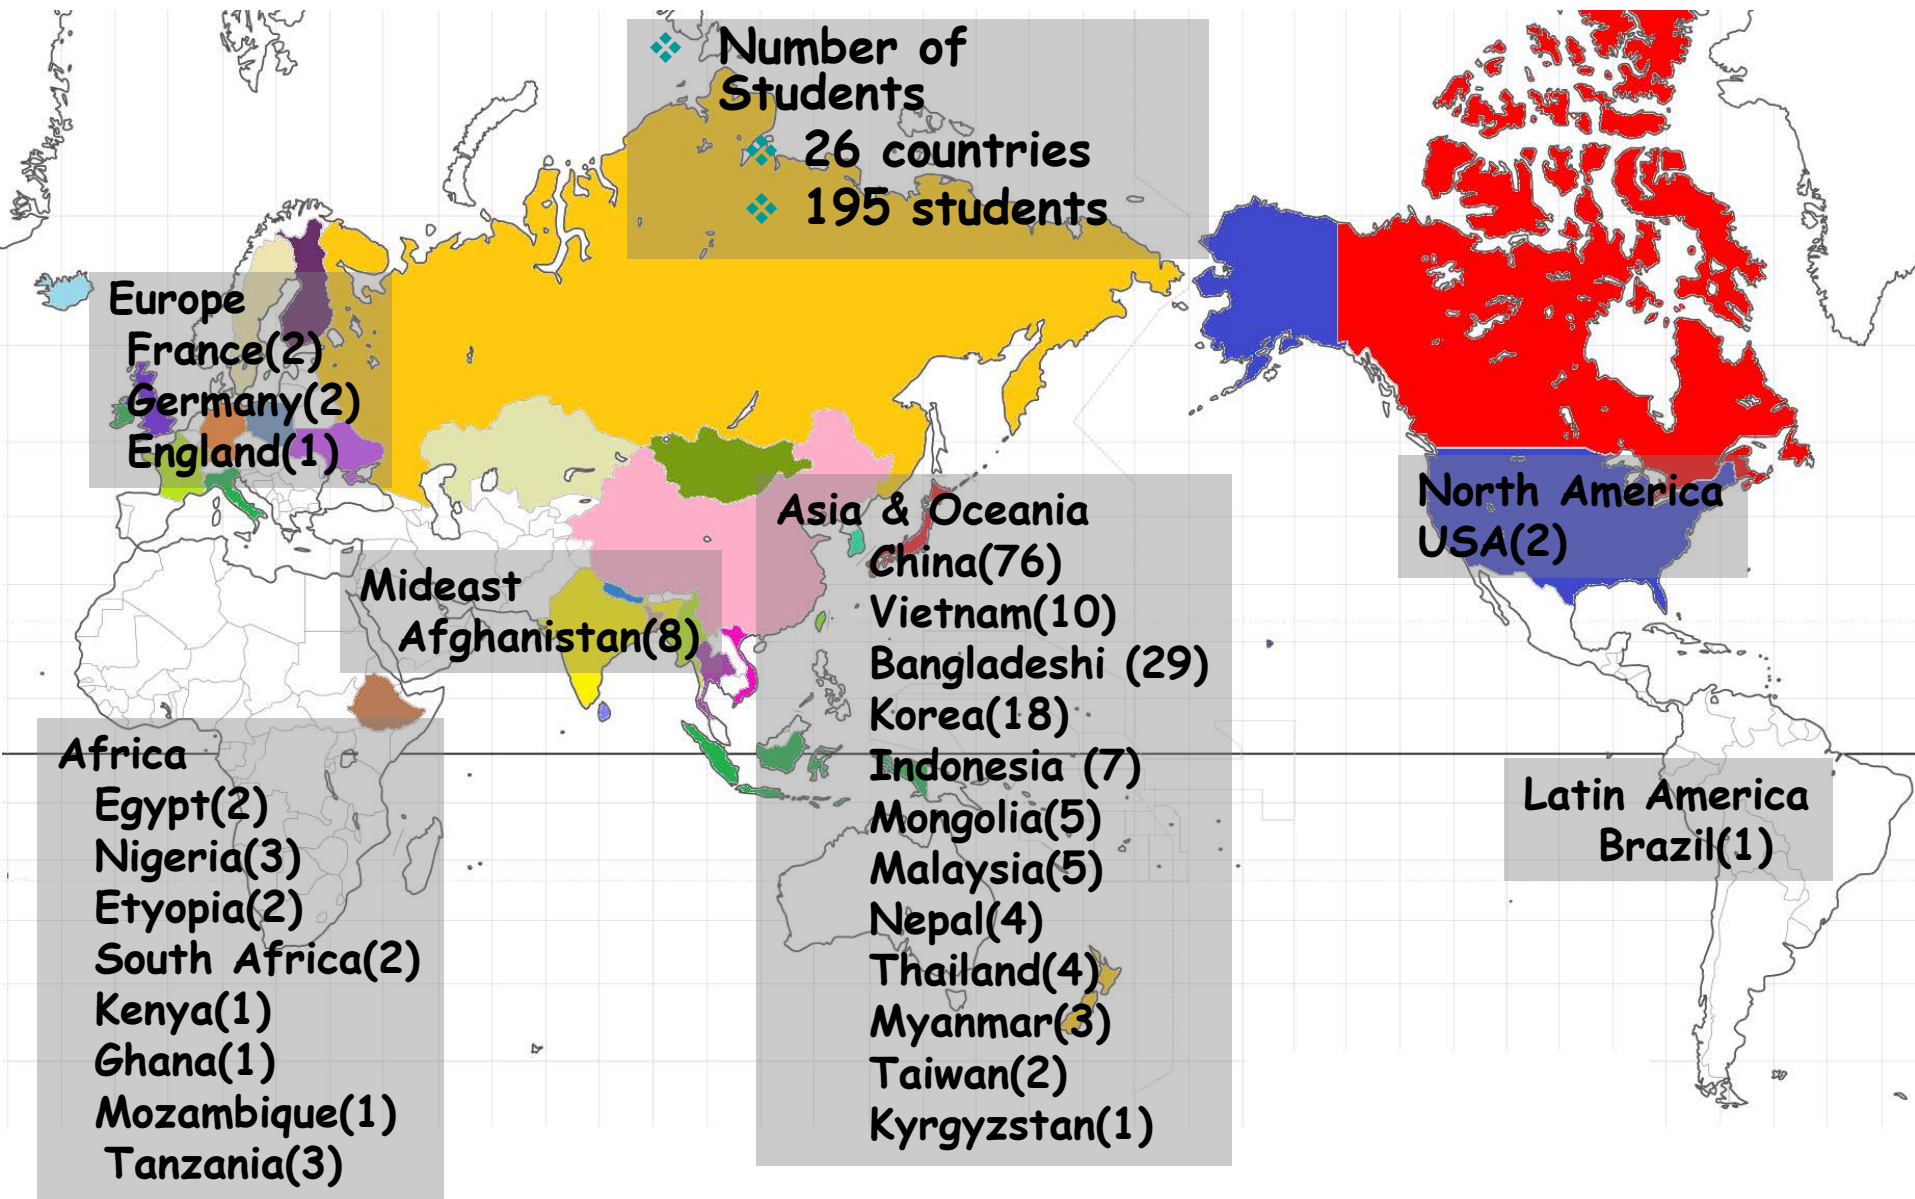

To enhance students' motivation → IR Data
