Cross-Disciplinary Research & Academic Collaboration at APU

Index – 4 representative efforts:

- 1- Disaster Prevention and Intercultural Communication
- 2- Recurrent Education for Medical, Educational and Welfare fields
- 3- Learning from Other Cultures
- 4- Collaboration of Art and Science

Disaster Prevention & Intercultural Communication

With the aim of:

- 1- Minimalizing the impact of the possible **Nankai Megathrust Earthquake**
- 2- Attending to the needs of **regional and local interculturalizing communities**

A joint research project on “**Disaster Prevention and Communication for Japanese and Non-Japanese Residents in Times of Disaster**”, composed of members from Foreign Studies, Education & Social Welfare Science, and Nursing & Health, initiated in 2023 [to be funded by Chubu Regional Development Association Project]

☞ The **Community Interpreting Studies Course**, opened in 2022 at the Graduate School of International Culture

☞ An academic course titled “**Special Study on Disaster, Life Environment, and Culture**”, set up as a collaboration between the Japanese Studies and Nursing & Health Faculties with the cooperation of the Disaster Prevention Research Center of Aichi Institute of Technology, and offered since 2022

Recurrent Education for Medical, Educational and Welfare fields

- A collaborative academic program on “**Training for Fostering Expert Human Resources Capable of Making Significant Changes in Medical Settings and Educational and Welfare Facilities**” by the Education & Social Welfare Science and Nursing & Health Faculties, launched in June 2023 [the MEXT project 2023]
- Experts with the capacity of identifying a range of problems to be solved in cooperation with personnel from diverse fields with state-of-the-art information science and digital technology
 - ☞ School Social Worker/Supervisor with a strong medical background
 - ☞ Nursing Administrator as a Quality Management Leader to support the medical front and improve the quality of nursing

Learning from Other Cultures -Taiwan as a Multilingual & Intercultural Society-

• Collaborative Online International Learning (COIL)

- ☞ A practice accumulated by a sociolinguistics professor in collaboration with our Taiwanese partner, Tunghai University (東海大学)
- ☞ The topic for the year 2023: "Pets and Humans"
- ☞ Previous online coordination/preparation/midterm presentation and face-to-face presentation (July 6, 2023)
- ☞ Study tour in September to Taiwan including the visit to the Affiliated Senior High School of National Chi Nan University
- ☞ Cooperation for the Community Interpreting Studies Course at APU Graduate School (Chinese language)
